Hello, Dan. I will interface with some ORD Center contacts to take a look at your list and be in touch after I gather information.

Have a good weekend!

Subject: TRI PFAS Evaluations

Hi Walter,

We have been working to determine which PFAS we need to prepare hazard assessment for to support potential addition to the TRI list under the requirements of the 2020 NDAA. We have narrowed our list to the PFAS in the attached document. As noted in the document some of the parent acids and salts are already on the TRI list

Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP) So if ORD has done any evaluations of the data that has been pulled for the PFAS in the attached document, please let us know. We are trying to avoid duplication of work.

Thanks.
Dan
